[Removed address and passport number for privacy]

Dear Zahira Tiara,

Subject: Invitation to participate in 4th World Youth Congress - Regeneration 2008

We would like to welcome you to take part in the 4th World Youth Congress in Québec City, August 10th to 21st 2008. 600 young people like you, chosen from more than 5000 applicants from 120+ countries, will meet and share their personal skills and figure out, with government representatives and development professionals, how they can contribute to community development. This Congress is part of the 400th anniversary of the city of Québec. It is supported by all levels of the provincial government of Quebec and the Federal government of Canada, headed by her Excellency, the Most Honorable Michaëlle Jean, General Governor of Canada.

You have been chosen for your active commitment to your community, your cultural values and your work to achieve the MDGs. We salute your personal engagement and your intention to make good use of your experience at this World Youth Congress to take more effective actions and projects on your return.

The Congress will be “a celebration of Youth Led Development!”. There will be three areas of work:

- Cultural events, plenaries, speeches to mark international youth day, leisure events (10th- 12th August)
- Skills Workshops and exhibitions (13th-16th August)
- Local Action projects in the Québec area (17th-20th August)

The experience of the three previous congresses provides ample evidence that this Congress will be a life-changing event for all of those fortunate enough to get to Canada. I therefore encourage everyone who sees this letter to help you in every possible way to raise the funds you need to get to Canada. We need you to arrive at Québec City airport or at Montréal's Trudeau airport on the 10th August where you will be met by a coach to drive you to Quebec City. You should book your return flight for 22nd August.

This Congress is licensed and managed by Peace Child International as part of the World Youth Congress Series. They serve as the international secretariat for this Congress and have led the global movement to gain recognition for Youth-led Development as a powerful force for change in the world. If you need any information relating to visas or your stay in Canada, please contact us at wyc@peacechild.org.

With Best Wishes,
sincerely

Christian Robitaille
